

LANXESS: Price increase for Durethan and Pocan compounds

Cologne – Specialty chemicals company LANXESS adapts the prices for its Durethan and Pocan compounds in Europe, Middle East and Africa (EMEA region) with immediate effect. This measure is resulting from the overall market situation in combination with the ongoing developments in the material supply chains.

The price increase amounts to 0.25 EUR/kg for Durethan A (polyamide 6.6), 0.15 EUR/kg for Durethan B (polyamide 6) and 0.20 EUR/kg for Pocan (PBT – Polybutylene terephthalate, blends).

The product lines comprise exceptionally versatile polymer materials that are used to make a number of technically sophisticated components for the automotive industry plus the electrical/electronics industry, construction, medicine, and the sports and leisure sectors.

LANXESS is a leading specialty chemicals company with sales of EUR 7.7 billion in 2016 and about 19,200 employees in 25 countries. The company is currently represented at 74 production sites worldwide. The core business of LANXESS is the development, manufacturing and marketing of chemical intermediates, additives, specialty chemicals and plastics. Through ARLANXEO, the joint venture with Saudi Aramco, LANXESS is also a leading supplier of synthetic rubber. LANXESS is listed in the leading sustainability indices Dow Jones Sustainability Index (DJSI World and Europe) and FTSE4Good.
